## 2. Issues and impacts:

- Each person's role is too specific and narrow, roles should be modified with more realistic expectations for each team member.
- Project's vision can have additional features as well as more elaboration on each of the software's previously planned features.

## 3. Next week's goals:

| STT | Description                   | Due Date   | Responsibility               |
